SOLUTION

99% of it is an issue caused by your Internet browser!

To solve the issue, you have several options:

- Option 1: Copy the link and try to open it in an Internet browser you haven't been using before.
- Option 2: Copy the link and try to open it in a "private window" mode of your browser.
- Option 3: Latest and long-term solution:
 - Delete all JAGGAER-cookies and JAGGAER-temporary Internet files in your browser,
 - Close all open browser windows and
 - Restart with your link.

If everything fails, your account is damaged and must be repaired by our provider. Please ask your Knorr-Bremse contact for support.
